Advancing Health through Evidence-Assisted Decisions
with Health Policy and Systems Research

ADVISORY

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English.

ATTENTION!

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English.

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.

Development

Sample Application

Individually, the small circles represent data. Collectively, they form an 'X' mark/target that has a focal point in the center, which represents RCHSD as the place where information is stored and accessed. The abstraction suggests that the library, as an exchange of data and information, which takes no physical form rather than restricting our perception to books and digital networks

ABOUT RCHSD

The Resource Center for Health Systems Development (RCHSD) is the Department of Health's physical and virtual repository of knowledge products on health sector reform. Its long term goal is to provide/make available relevant, appropriate and timely information through multimedia resources for better policy and decision making options.

VISION

Internationally recognized as a leading facilitator, broker and multimedia resource provider on the latest knowledge and information on health sector reforms.

MISSION

The RCHSD is committed to influence policy makers and the general public by making access to available state-of-the-art and up-to-date information and resources on health sector reforms.

OBJECTIVES

- To provide a knowledge base for acquiring, defining and disseminating information/guidance on health sector reforms
- To facilitate and provide a venue for policy discussions and information exchange for continuing education and learning on health sector reforms
- To profile and pool trained experts for knowledge exchange or developmental undertakings in the field of health sector reforms
- To facilitate the development and maintenance of the communities of practice in health sector reforms.
